**Prices of all Amarillo Drives are EXW, Amarillo, Texas
Prices Subject to Change without Notice**

NA: Not Available
CF: Contact Factory

Notes:

1. Prices are for standard rotation and standard ratios as listed in our current catalog. For special paint, special rotation, or special output shaft requirements, please contact the factory.
2. Oil level switch is CSA listed for hazardous location: Class 1, Div. 1, Groups C & D. Switch is rated 10 amps @ 125 VAC. SPDT is standard. DPDT is available for an additional \$110 list.
3. Low Speed Option is a proprietary modification to the single reduction gearbox that allows for no minimum" input (motor) speed when used in conjunction with Variable Frequency Drives (VFD). The minimum input (motor) speed without the Low Speed Option is 450 rpm. Input (motor) speed less than 450 rpm on double reduction gearboxes will require the Electric Oil Pump option. Contact factory for price and availability of this option.
4. Optional equipment and features may add to delivery time.
5. Export boxes are made with heat treated lumber.
